BOTTLES < 5.000
SUSTAINABILITY CERTIFICATION -

The idea was born on a cool spring evening, sipping a glass of San Martino together, surrounded by the scents and colors of the Garda countryside stretching out at the foot of the famous tower. From that day on, our passion steadily took shape, until June 2022, when our company, Dobellone, was founded. Its name recalls an old card game, once very popular in the Desenzano del Garda area. Our production is based on limited quantities and is essentially focused on product quality. Spontaneous fermentations and indigenous yeasts

SUSTAINABILITY CERTIFICATION BIO

Founded in 1867, is located on the morainic hills of the D'Annunzio shore of Garda. It is a family-run estate, deeply rooted in the values of passion for the land and dedication to work. Even today, they oversee every step of the vine's production cycle: from winter pruning to harvest, carried out exclusively by hand—the moment when the fruit of an entire year of commitment is finally gathered. Today, the estate covers approximately 140 hectares: 90 devoted to vineyards, with the remainder dedicated to olive groves, vegetable gardens, orchards, and pastures for livestock.
